Career Objective

Aspiring Software Engineer with a strong interest in Artificial Intelligence, Generative AI, and Cybersecurity. Seeking to apply my programming and problem-solving skills to develop innovative and secure solutions. Eager to gain practical industry experience, learn emerging technologies, and contribute to real-world projects while continuously growing as a skilled technology professional.

Education

Chandigarh University — B.E, CSE (Generative AI in collaboration with Microsoft) **2025 – 2029**
CGPA: 8.3

School of Eminence, Sunam — Intermediate, Class 12 **2024 – 2025**
Percentage: 93%

Dr. Gagandeep Rotary Public School, Sunam — Matriculation, Class 10 **2022 – 2023**
Percentage: 94%

Projects

Predict House Prices — Azure ML Designer

- Built a machine learning pipeline in **Microsoft Azure ML Designer** to predict house prices from structured housing data using a drag-and-drop, low-code workflow.
- Applied core ML concepts — **data preprocessing, model training, and evaluation** — within the Azure ecosystem.

Hospital Management System

- Developed a **Hospital Management System** to organize and manage patient records, appointments, and hospital data.

Encryption & Decryption Website

- Developed a website demonstrating **encryption and decryption** functionalities, applying basic cybersecurity concepts.

Cybersecurity Simulation Learning

- Explored **phishing techniques** to understand how such attacks occur and how to prevent them.

Arduino Hardware Projects

- Built hardware projects in **physics, semiconductors, and digital electronics** using the Arduino platform.

Technical Skills

Programming Languages: C, C++, Python, Java, SQL
Technical Competencies: Machine Learning, Azure ML Designer, Azure AI, Cloud Computing
Development Tools & Technologies: Git, GitHub, VS Code, Cursor, Jupyter Notebook, Vibe Coding

Interpersonal Skills

Team Leadership, Good Time Management, Problem Solving, Good Listener

Certifications & Awards

- Microsoft Certified: **Azure Fundamentals (AZ-900)**
- Microsoft Certified: **Azure AI Fundamentals (AI-900)**

Achievements

- **Class Representative (CR)**, Chandigarh University — since Semester 1.
- Coordinated **a BYTEXL Workshop** of CyberSecurity.
- Coordinated an online **IIT Insights Program**.

Languages Known

English, Hindi, Punjabi

Hobbies and Interests

- Reading Psychology
- Travelling
- Badminton
